New Philadelphia, OH 44663

The Norma Johnson Center is pursuing funds to improve electric and water service on the conservation side of the Center, as well as looking into the development of a trail for physically challenged visitors.

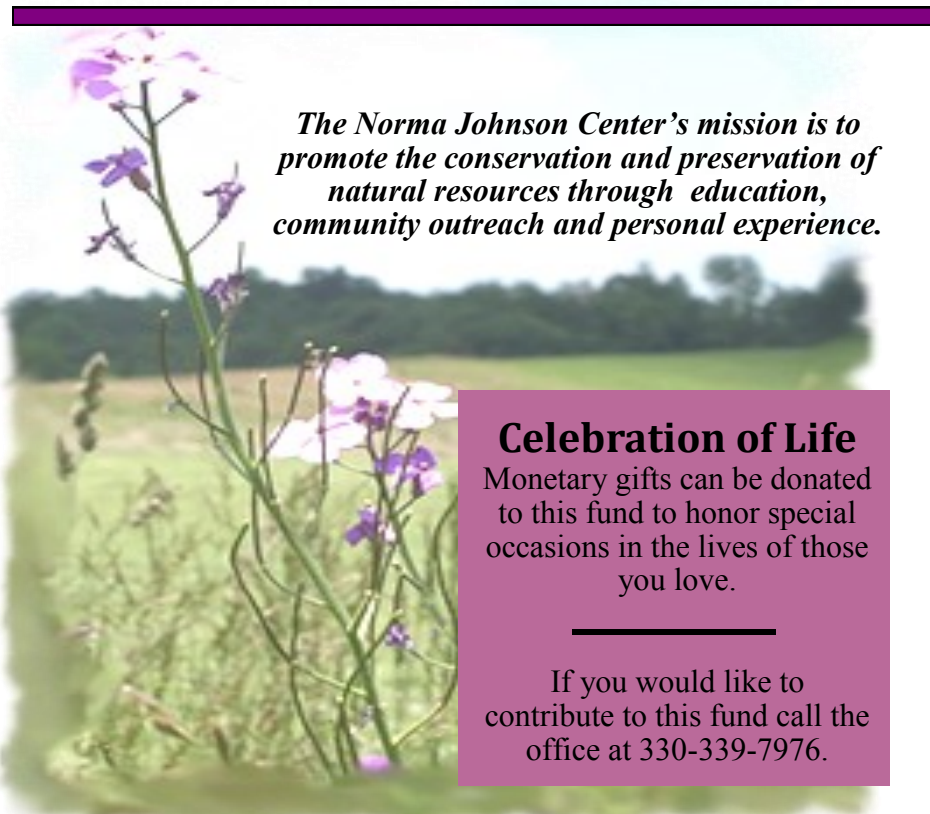

Electric/Water– Phase 1 involves installing access to water and improving the lighting and outlets in the Red Barn. Also included in this phase is to gain water and electric to the picnic shelter located on Conservation Drive. This project will allow programs to have access to two basic needs during programs and events.
Phase 1 estimate: \$12,500

Physically Challenged Trail– The goal of this project is to provide an accessible trail and gazebo around the fishing pond so that those who are physically challenged would have equal opportunity to explore and enjoy the NJC.
Project cost estimate: \$10,000

We would love for you to support in our fund raising efforts through a tax deductible donation. Grants are being applied for to gain funds for these projects, but community support is always a plus.

We thank you for your consideration.
The Norma Johnson Center Foundation Board
