Johnson Loop - 1.31 miles

• 40.510735, -81.554379

Located on the south side of State 39. The Parking area and trail head is located by turning south onto Hidden Hollow Lane. The Johnson Loop offers visitors two ponds, open fields and some wooded sections. Norma's favorite place on the entire NJC property was on top of the Johnson Loop near the gas wells.

Conservation Loop - 1.23 miles

• 40.512382, -81.544111

Located on the North side of State 39, off of Old Route 39. Take Conservation Drive North to the parking area, trail head, restrooms and picnic shelter. The Conservation Loop offers visitors lots of opportunities such as wooded and open trails, blue bird trails, a pond, three walking bridges, a suspension bridge, a meadow, wetland and an observation blind.

Preservation Loop - 1.23 miles

• 40.511219, -81.538883

Located on the North side of State 39, 3 miles west of I-77. Turn North at the Yellow Pole Barn for the Entrance to the Preservation Loop. While exploring the hills, scenic views and open areas, hikers will notice different groves of younger trees. Most of these trees were planted by Norma and her father. There are also two ponds on this loop.
